

1940 Federal Population Census Metuchen, NJ Street Index

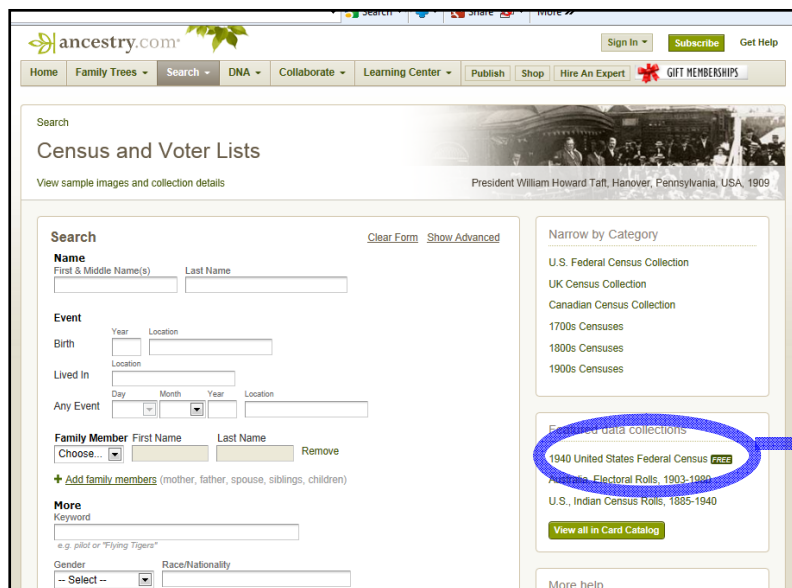

Interested in knowing who lived in your house or on your street in 1940? Already know who lived there but want to know more about them? *Ancestry.com* is providing the 1940 Census for free on its website. Below is an index created by the Metuchen-Edison Historical Society for Metuchen so that you can browse by street.

Note that there are six enumeration districts for the 1940 census of Metuchen, each with its own page numbers, so it's important to access the correct enumeration district (12-34 through 12-39) as well as electronic page number. Also, the electronic page being viewed is different than the original paper page number, although they do generally (but not always) correspond.

So, how do you use this 1940 Census/Street Index for Metuchen? Go to *Ancestry.com*, and click on "search" then select "census and voter lists."

This will bring you to a search page. Select "1940 United States Federal Census *free*."

At this point, you may be asked to set up a free account if you have not done so already, linked to your email account.

Then, in the “Browse this collection” box on the right, select “New Jersey” and “Middlesex” and “Metuchen.” After you enter this information, the Enumeration Districts will show up underneath.

Select the enumeration district you want to search (according to the table on the following pages) and click on it to bring you to scans of the original census pages for that district.

For example, if you want to look at the entries for those people living on Brunswick Avenue, you need to open Enumeration District 12-37 and look at Electronic Pages 5, 6, 16, and 17. If you want to browse through Middlesex Avenue, you will need to look at Enumeration District 12-34 (Electronic Pages 9, 10, 11, 13, 27, 28, and 29), as well as Enumeration District 12-36 (Electronic Pages 16 through 19) and Enumeration District 12-37 (Electronic Pages 2 and 30). Most streets are wholly contained within one Enumeration District, but several are not. And, the houses were not interviewed in Street Number order even if they sometimes seem to be done so, therefore it is important to look at all pages for a street to see if the information is included.

Happy Hunting!
