**Exit 10, A Sporting Life Just off the Jersey Turnpike by Tom Cheche**

"Exit 10" is a funny and articulate account of growing up in the 1950s and 1960s in Metuchen, and its influence on a life well-led by a self-professed sports geek.

As a fellow traveler in Metuchen during this time period, I shared in or witnessed many of these events. As the saying goes, "you couldn't make this stuff up", and Tom didn't need to.

And if you didn't live in Metuchen during this time period, reading "Exit 10" will make you wish you did.
